The Trusted AV
Partner for
Your Business

LEADING THE WAY IN AV

Mediascape Ltd is Scotland's leading, full service audio-visual specialist.

Operating across the country for over 18 years, we have a dedicated team of professionals able to design, supply install and maintain a full range of AV solutions for private firms, retail centres, educational institutions, heritage sites, healthcare facilities and more.

Our expert designers can advise on the technology that best fits your requirements.

While our highly skilled engineering team will deliver a seamless installation with minimal disruption to your operation.

Mediascape is proud to be an employee-owned business, which has allowed our team to take more ownership over the direction of the company and ensure a productive and dynamic way of working.

For our customers, this means that we are fully invested in the service and AV expertise

we provide. Every member of the team is committed to ensuring you get the best possible solution for your business and deliver an excellent end-to-end experience.

We all have a stake in getting it right for you, our customers.

WHAT WE DO...

Audio-Visual technology is the key to great communication.

We are specialists in all things AV and are committed to exploring new and innovative ways we can help your business better communicate and collaborate using the most current and appropriate AV technology.

We offer bespoke design and AV solutions to suit your business needs and budget.

AV System Design

Our certified Design Manager and experienced Account Managers will visit your rooms and advise on the best solutions to meet your budget. Whether for a single meeting room or 500-person lecture theatre, we apply the same principles and quality approach to design a solution tailored to meet your requirements.

Installation

We manage installation projects from concept through to delivery, integrating with other contractors and providing peace of mind that we will deliver on-time and on-budget. Our team of installation engineers are professional, courteous and experts at what they do. They have years of experience and can be trusted to deliver your project safely and with minimal hassle and disruption to the day to day running of your business.

Support

Our cost-effective support service guarantees our engineers will attend within 24 hours to repair your equipment. A Mediascape maintenance contract will reduce system downtime and protect your business assets – this can be tailored to suit your needs and budget.

Leasing

Leasing can be the best way to upgrade or acquire your company's AV equipment with manageable monthly amounts over a pre-agreed term. We work with a number of suppliers and third-party lenders, enabling you to get financing for equipment you need today, without paying large sums up-front.

WHO WE WORK WITH...

We provide AV solutions to a wide range of clients across Scotland from a wide range of sectors including:

- **Private Business**
- **Government and Public Sector**
- **Education**
- **Healthcare**
- **The Hospitality Industry**
- **Retail**
- **Transport**
- **Sport & Leisure Facilities and more.**

“

I had full confidence in the professionalism and the service provided by Mediascape. Through unprecedented circumstances, the first opportunity to have our equipment installed was executed very quickly and efficiently by the engineers. Mediascape is my first port of call for any audiovisual purchases.

- University of Glasgow

”

“

100% trusted service that can be relied upon with an excellent follow-up service when needed. Very personal service. Mediascape are by far, an excellent service provider in today's demanding world for speed and quality of product and delivery. I am a very happy customer, always a joy to engage with all staff within Mediascape.

- Honeywell

”

“

I found the company very professional and I am given all the information I require. I also have found all engineers to be particularly skilled and experienced and workmanship is of a very high degree.

- Scottish Water

”

AV FOR EVERY APPLICATION

These are just some of the many AV systems we are able to provide, which also include digital projectors, training suites and Multi-Disciplinary Team rooms for healthcare.

Ready for the Hybrid Working Future

Most offices require extensive integration of AV technology to create a connected, versatile and efficient experience for both on-site and remote working. Our specialists can work with you to design cutting edge, highly functional solutions for your boardrooms, collaboration spaces and more. From Video Conferencing to Room Control, our AV solutions will help you bridge the gap between home and office working and encourage greater collaboration.

Digital Signage and Communication

We can design bespoke AV solutions to allow you to communicate effectively with visitors, staff and customers alike. Our team can help provide bespoke solutions to help you create an impact within reception areas, provide wayfinding on digital screens, deliver announcements over audio intercom systems or promote your products or services with digital signage; whatever fits the needs of your space.

Auditorium and Events Spaces

Perfectly optimising your event space requires both high-quality digital displays and quality sound control working simultaneously. Mediascape offers a range of equipment from world-leading manufacturers including, Bose, Sennheiser, Samsung, LG, Epson and more, all of which can be developed into a comprehensive AV package to bring your space to life and deliver highly impactful events.

Enhance Your Teaching Experience

Whether it's connecting a class of remote students or providing more efficient booking for shared learning spaces, there is an AV solution to suit every part of the modern blended learning environment. Mediascape is experienced in providing AV for Education and can develop systems specific to your teaching and training spaces to allow for seamless collaborative learning for students both at home and on-campus.

MEDIAscape Integrated Audio-Visual Solutions

Centrally located in Glasgow's Port Dundas area, and a satellite office in Inverness, Mediascape are well placed to cater for all Audio-Visual requirements throughout Scotland.

We specialise in delivering bespoke solutions tailored to each business, so the best way to find out what we can provide for you is to get in touch and discuss your requirements.
